Jean Parker – Castle Hill School, Huddersfield

Ruth Collier – S<, OCHS

Ruth King – S<, OCHS

Andrea Edwards-Leach – Communication Development Worker

OMBC

Long discussion was held regards the Practitioner Course Pack following a meeting with Oldham ALD service and Cath Irvine. Group were quite confused about the use of the original packs and whether they were still valid. It was agreed they were still valid but to contact the I.I Institute for further information and clarity. Questions included “What happens about signing people off now?”

I.I Café’s were discussed by Adult Services.

Louise stressed how important base line footage is for showing progress made by individuals to doubters of the approach.

Group discussed meeting with the Leeds Regional Forum to observe the structure of their group and share good practice.

Caroline talked about dance and Louise shared with the group videos of I.I and dance.

The group discussed their standard training packs “Power points” to share with the group. Ruth Collier and Andrea stressed that we may be restricted as to what we can share due to copyright.

The group proposed the following for forthcoming meetings:

Wednesday February 2nd 2011

Group are going to produce a leaflet on age appropriacy and touch, mirroring and being sensitive as not to insult.

May 2011

Training power point and sharing information.
